

JUNIOR HIPEN 2010

At first we were four teams from different countries

- We have discovered new cultures.
- We learned to communicate with each other.
- We discovered that our languages were different signs
- We have discovered the opportunities and business models to follow
- We met new people, new places, places steeped in history.
- We made new friends.
- We know what are the rights of disabled children in relation to different countries
- We now understand what a team
- We understand what it means to be European

And we ended up being a team.
